NOTE TO: 

Attached you will find the changes for the Membership Directory for the DCI Committee on Imagery Requirements and Exploitation (COMIREX) for the IPS-Advanced Systems Working Group (ASWG). This is the most complete and up-to-date list I can provide. I have given you the changes on the names, addresses, and phone numbers. I assume the Cable Address, Washfax Address, and Postal Addresses are the same as listed for the previous people. I hope it will be of help to you. (U)
